OFFICE OF THE DATES APPRAL, MEMPRIS, January 17, 1871. SUGAR THADE OF THE UNITED STATES. The New York Shipping and Commer-eat List of the lith last, says: Though the receipts of raw sugar into the United ty 30,293 tons, the consumption absorbing all the tuperts and 18 935 tons besides, and, with the experts, reducing the stock in the country 12,964 tons. The receipts of foreign angar in the United States in 1870 were 48,367 tons, against receipts in 1969 of 501,254 tons, and the country 12,964 tons, and the country 13,964 tons were 1700 bases, chiefly on export account, Quotations were as follows:

Good Orangery 13,964 tons

13,964 tons

14,465 1 1870 exceeded that of the previous year y 35,193 tons, the consumption absorbof tone, against a consumption in 1869 of 67,879 tone; while the total consumption of foreign and domestic cane sugar in 1879 was non-rot tone, against a total consump-tion in 1800 of 401,500 tone—an increase in the consumption of foreign in 1870, as compared with 1860, of \$5,395 tons, or \$ per cent, and an increase in the consumpof foreign and domestic of 37,750 ver 7% per cent. The consump on of raw sugar the past year was much larger than in any previous like period, as will be seen by the following figures, ig a space of twenty years: tour Supur Coursemed in the United States.
